August 1st, 2017

Dear Parents and Guardians:

This is a brief letter of introduction to those of you who may not be aware of the position of School Resource Officer in the Shawano School District and how I can be a resource to you or your student(s). A School Resource Officer is a certified law enforcement officer whose job assignment is working in the schools. This officer acts as a resource not only to law enforcement and school staff but also to parents, guardians and the students themselves.

My name is Jody Johnson and I have been a Law Enforcement Officer with the City of Shawano Police Department for 23 years. I am currently assigned to the Shawano School District as the School Resource Officer. My main office is located at the Shawano High School but also I spend time in the Shawano Middle School, Hillcrest and Olga Brener Schools.

My goal with this letter is to notify the recipients I am available for you as a resource. I have many parents and guardians who call and request information regarding laws or general questions they may have. The Shawano School District has excellent Administrators and student services personnel available for students and parents to access. When requested, I also assist them with issues involving your students.

I also do presentations and speak in different classes about law enforcement issues. The purpose of these presentations is to educate the students. Our students are exposed to a wide range of issues daily. The hope is to be proactive rather than reactive when it comes to certain types of behaviors.

If you have any questions or comments regarding this letter or anything else school and law related, please feel free to contact me at (715) 853-3114 or at (715) 526-2175 ext. 1107.

Respectfully,

Officer Jody A. Johnson
School Resource Officer
