<ul style="list-style-type: none"> <li>• <b>Registration is online OR due to your school office by April 12<sup>th</sup>, 2019.</b> Go to <a href="http://www.shawanoschools.com">www.shawanoschools.com</a> and click on the summer school page to register online! Registration may be turned in after the due date; however, you are less likely to get the classes of your choice.</li> <li>• When choosing classes, your child is signing up for the grade level they are enrolled in <b>currently</b> during the 2018-2019 school year (with pre-4K as an exception).</li> <li>• Students who are enrolled in the pre-4K, 4K, and Kindergarten classes will take those classes as special, self-contained learning opportunities.</li> <li>• <b>1<sup>st</sup> and 2<sup>nd</sup> Grade students MUST choose one math and one reading class.</b> Students may then choose two electives from a variety of classes.</li> <li>• Courses will be selected and schedules will be mailed by the first week of June.</li> </ul>
BEHAVIOR POLICY
<p>The Shawano Summer School Staff works very hard to provide a safe and fun learning environment for students. Summer school is an enriching opportunity and privilege. Students need to understand their behavior must meet the same expectations given during the normal school year.</p> <p>Our staff understands there are times when students need redirection for their behavior. However, serious offenses will be directed to the summer school administrator. The administrator will inform parents of these offenses and determine the appropriate consequences, which may include a removal from all summer school activities for up to five days. Students who repeatedly display disrespectful or unsafe behaviors, or commit extreme behavior forfeit their privilege to attend summer school for the remainder of the five-week session.</p>

# PRE-4K, 4K AND KINDERGARTEN CLASSES

**PLEASE NOTE: All students must be able to use bathroom facilities without assistance to attend summer school. Exceptions will be made for students with identified special needs.**

#400	Pre-4K
<p>This class is for students entering 4K in September 2019. Students will have an opportunity to become familiar with the daily routines of school and make friends; as well as play and learn in a cooperative and nurturing environment. Students will work with letters and numbers, have fun with games and songs, and take fun local field trips.</p>	
<p><b>Supplies needed:</b> (2) - Large glue sticks, (2) - #2 pencils, (1) - pocket folder, Optional (1) - 50/100 count white facial tissue packet / box</p>	
#401	4K
An illustration showing four diverse children sitting around a yellow table in a classroom. They are engaged in an activity, possibly drawing or writing. A green chalkboard with the letters 'ABCDE' is visible in the background.	<p>This class is for students entering Kindergarten in September 2019. Students will prepare for Kindergarten through literacy and math activities. Games, crafts, recess/free play, and local field trips will all be part of the students' summer experience.</p>
<p><b>Supplies needed:</b> (2) - Large glue sticks, (2) - #2 pencils, (1) - pocket folder, Optional (1) - 50/100 count white facial tissue packet / box</p>	
#402	KINDERGARTEN
<p>This class is for students who have completed Kindergarten and will be entering 1st grade in September 2019. Students will have an opportunity to review and strengthen literacy skills, math concepts, and written language skills. This is accomplished through games, learning centers, and other activities. Students will also complete craft projects, enjoy recess/free play, and participate in local field trips.</p>	
<p><b>Supplies needed:</b> (2) - Large glue sticks, (2) - #2 pencils, (1) - pocket folder, Optional (1) - 50/100 count white facial tissue packet / box</p>	

# 1<sup>st</sup> & 2<sup>nd</sup> GRADE REQUIRED COURSES

Choose ONE Reading Class	
#316	<b>FIRST GRADE READING</b>
This reading class will include read alouds around a particular theme and story stretchers to keep students interested and engaged. There will be independent reading time for practicing both decoding and comprehension strategies. Students will also be given the opportunity to draw and write responses to stories.	
#317	<b>SECOND GRADE READING</b>
This reading class will include the study of particular genres and authors. There will be read alouds with discussions and independent reading time to practice strategies. Students will also be given time to write responses to their reading and be involved in book clubs.	
	
Choose ONE Math Class	
#310	<b>MATH BLAST 1<sup>st</sup> GRADE - ENRICHMENT</b>
#311	<b>MATH BLAST 2<sup>nd</sup> GRADE - ENRICHMENT</b>
This class is designed to provide enrichment using basic arithmetic skills. The class will be tailored to each individual's math needs. The use of manipulatives will be stressed. <b>This class is for students who already do well in math and have a high interest in math.</b>	
#312	<b>MATH EVERYDAY 1<sup>st</sup> GRADE - REMEDIAL</b>
#313	<b>MATH EVERYDAY 2<sup>nd</sup> GRADE - REMEDIAL</b>
This class works on math skills that are taught in the first and second grade classrooms. <b>The focus is to help students that struggle with telling time, counting money, addition and subtraction, frames and arrow diagrams.</b> These concepts will be taught through games and activities. The goal is to fix any learning gaps and reignite a love of math!	

# CHOOSE TWO ELECTIVE CLASSES

#300	<b>ACTING UP!</b>
<p>Hey Kids! Here's your chance to act up! "Acting Up" is an introductory class for students interested in acting. Young thespians will get a chance to get on stage and become someone else. Students will play theater games every day. There will be a performance during the last week of summer school. Come join us! It's going to be a blast!</p>	
	
#301	<b>AROUND THE WORLD IN 23 DAYS</b>
	<p>Get your passport ready and join us for a trip around the world—exploring a different country every day! To begin the adventure, students will create their own passports and be issued maps and globes. Once equipped with these tools, students begin a "journey" of investigating the country of the day through learning different aspects of the culture, environment and language. Students will even learn to speak some phrases in French and Spanish, taste test foods, play games, and much more!</p>
#302	<b>CREATIVE CHEFS</b>
<p>Come experience hands-on cooking! Learn healthy living tips, how to read recipes, prepare a variety of foods and eat your creations. Taste and enjoy foods like: Silly Salads, Individual Pizzas, Popcorn Mountains, Monster Cookies and much more. Picnic, Breakfast and Mexican food day are some of the theme days enjoyed by all. All chefs will bring home their own cookbook. Students will eat their own creations and read many stories to go with the food of the day!</p>	
	
#304	<b>EXPRESSING MYSELF</b>
	<p>Calling all young artists! Students will spend the summer expressing themselves through various forms of art projects. Exploration may include mediums such as clay, paint, pastels, beading, and so much more! Let's get creative!</p>
#305	<b>THE FINAL FRONTIER: Discovering the Solar System</b>
<p>Have you ever looked up at the stars and wondered what was really out there? In this class, students will have the opportunity to study the solar system. Students will make a scale model of the solar system, complete art projects, and go on a solar walk. Students will also design and build rockets!</p>	
	

#306	<b>FUN IN THE SUN FITNESS</b>
<p>Students will learn encouraging ways to stay healthy and active while participating in a variety of movement activities outdoors (weather dependent). Students will participate and understand how to play in a variety of recreational, recess, and sport-related lifelong movement activities. Students will learn and be able to understand and apply the simple components of fitness and exercise, healthy nutrition and food choices, and self-management skills – the importance of making good choices for life!</p>	
	
#308	<b>IT'S TECHNICAL</b>
	<p>Do you enjoy learning with the computer? Then this class is for you! Students will practice several computer skills such as surfing the internet and keyboarding. This course will cover a variety of games and programs such as Kid Pix, Microsoft Word, and safe on-line gaming options.</p>
#315	<b>SPANISH: Stories, Songs, Puppetry, and Games</b>
	<p>Join us in this Spanish class where games, songs and storytelling are used in order to teach Spanish. In this class, we will play games, sing songs and participate in drama, storytelling and incorporate puppetry while learning Spanish. Students will learn the Spanish alphabet, counting, colors, animals, body parts, food vocabulary, simple questions and answers and more! We will learn about the customs and culture of Spanish-speaking countries. We will also sample some authentic foods from Spanish-speaking countries. ¡Olé!</p>
#318	<b>PHOTO ADVENTURES</b>
<p>It's never too early to learn about photography! In this project-based class, students will learn basic photographic skills, ranging from holding a camera to perspective and composition. Students will participate in Photo Adventures which will give them the opportunity to practice new skills, be creative and have fun! This class fills up fast—sign up early! <b>Supplies:</b> Each student will need to purchase a 16 GB SD card for this course.</p>	
	
#319	<b>PROJECT WILD</b>
	<p>If you love animals and where they live, this class is for you! Young learners will learn about animals and explore how they live. Classroom pets and critters will help students to understand the wonders of nature. Animal projects, experiments, and outside games are just a few of the things students will do in this class. Students will even drink nectar like butterflies. Join us and experience something “wild”!</p>
#320	<b>MOVE AND GROOVE</b>
<p>Are you ready to have fun in summer school? Do you like to listen to music? Students in this class will play movement games, dance, have fun with music, and more! Get ready move your body and groove to the beat.</p>	
	
#321	<b>MUSICAL EXPLORATION</b>

Are you ready to Rock n' Roll, Hokey Pokey, and Shake n' Move? Then this is the class for you! This exploratory music will include singing, dancing, language activities, large and small motor skill exercises, rhythm activities, instrument making, puppetry, pantomime, and group games. Introduction to the string and band instruments will delight the eyes and ears of the young with awesome guest appearances to help spark interest for the future!

**#323**

**UNDERWATER ADVENTURES**

The ocean is an interesting, enormous, and awesome place. Let's explore it together. Students in this class will learn about different underwater creatures by reading books, doing projects, and more!

**#324**

**THE NATURALIST**

The course will entail some reading, math and science incorporated into gardening, bird watching, and outdoor skills. We will start by planting seeds and watching their development. Next students will establish a small garden with plants, spacing, and what is needed in maintaining gardens: water, fertilizer, weeding, composting, etc. Next students examine why gardens are important: pollination, butterflies, bugs (good and invasive) and birds. The fourth week will deal with bird sounds, behaviors, nesting, growth and migration. In the last week students will create small dishes from our garden crops to see the importance of foods grown locally and internationally.

**#325**

**KINGS AND QUEENS**

Learn the game of kings and queens! In Kings and Queens, you'll learn how to move the pieces and some of the basic strategy you'll need to get started on the road to mastering chess. You'll also learn some of the history of the game, and how the pieces came to be known as king, queen, knight, rook, bishop, and pawn. Chess - the ancient game of skill, strategy, and thinking... that's also a lot of fun!

**#326**

**PARKS AND PLAY WITH A PURPOSE—2 Hour Class**

Do you love being outside? Enjoy hands on activities, games, and discovering nature? You are in luck! Come along with Mrs. Slezewski as she explores the wonderful parks of Shawano. Each week we will visit a new park and highlight what makes that park unique. Join me for an adventure in your own backyard! This class is two hours/electives.

# SUMMER FOOD PROGRAM

## SUMMER FOOD PROGRAM

Learning does not end when school lets out. Neither does the need for good nutrition - which is crucial for children to have healthy and productive summers. The summer food program provides an opportunity to continue a child's physical and social development while providing nutritious meals.

## WHO IS ELIGIBLE

All children 18 years of age and under are eligible to receive FREE meals. No need to sign up or apply for the program – just come and enjoy tasty & nutritious meals.

## WHERE AND WHEN?

Meals will be served June 17<sup>th</sup>-July 19<sup>th</sup>. There will be no meal service Thursday, July 4<sup>th</sup> or Friday, July 5<sup>th</sup>.

<b>Breakfast</b>	<b>7:45-9:00 am</b>	<b>all three schools</b>
<b>Lunch</b>	<b>10:50-1:00 pm</b>	<b>Hillcrest</b>
<b>Lunch</b>	<b>11:45-1:00 pm</b>	<b>Middle School</b>
<b>Lunch</b>	<b>11:45-1:00 pm</b>	<b>High School</b>

**HEALTHY  
EATING**
